

# *The Reformation*

SAINT MARGARET'S  
ANGLICAN CHURCH

The religious reformations of the 16th century created the greatest upheaval of the last thousand years with consequences that we are still living through. In these talks we will discuss warrior popes, nuns in pickle barrels, murderous Anabaptists, adulterous queens, theological debates, and rebellious peasants under a rainbow flag. Luther, Calvin, Simons, Mary Queen of Scots, and Leo X will all make an appearance along with the Spanish Armada, the Inquisition, and the abolition of Christmas.
