

Cancer Care

Support Group

... faith based cancer care support for those living with, after cancer and their families

- ✓ Available to cancer patients (post treatment) generally, their caregivers and families
- ✓ The group will provide psychological and spiritual support
- ✓ The group will offer an opportunity to talk in a safe environment where confidentiality is respected
- ✓ One focus will be living with the unknowing
- ✓ Practical resources are provided. Written resources and spiritual resources (e.g. meditation, music, hymns, scripture resources, research, CDs on the subject, etc.)
- ✓ Providing faith based resources (integrating faith into the cancer journey)
